1. We do need a planning group.
 2. Chaired by [REDACTED] in this office.
 3. Contain a firm statement that group not just confine itself to proposal, but that it consider the whole communications responsibilities, e.g., cut out half the communications perhaps and have fewer and more important communications.
- 25X1A [REDACTED]
1. See above.
 2. Early date.
 - 25X1A 3. Review [REDACTED] proposal.
 - 25X1A 4. [REDACTED] to talk with [REDACTED] and ask what has been 25X1A
25X1A considered by [REDACTED] in regard to thought expressed above.
 - 25X1A 5. Emphasize to [REDACTED] very great concern and firmness with the point of reduction of communications as a whole rather than adding a system to communications and generating "lots more documentation in the Washington area and handling systems, etc."
 - 25X1A 6. (I note that [REDACTED] had just finished session with [REDACTED]) 25X1A
